The WUFT Classic Immersion Experience is designed to expose students to the workings of a non-commercial, university licensee radio station with a classical music format. Topics include hosting, programming, recording, audio editing, live music broadcast, and more. Students will become acquainted with industry standard equipment and software.

This course involves few specific “assignments”, but one is to listen to WUFT and/or WUFT Classic to become familiar with the station and its programming. This immersion experience does require regular attendance and participation. No exams.

Students taking the course for a second time can elect to create a project for air. Examples of projects include podcasts, features, technical work, and more.

There are no assigned textbooks.

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center. See the “Get Started With the DRC” webpage on the Disability Resource Center site. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at

<https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under 2 GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.
